**To:** Deputy Clerk | Swaffham Town Council; Town Clerk | Swaffham Town Council  
**Subject:** footpath warden

hi Claire,

Further to our conversation, I would like to add to the next TC agenda, an item as follows;

To appoint a footpath warden for swaffham. A volunteer role responsible for identifying public rights of way requiring amendment or additions on the Definitive map. There would be no cost to STC and if any expenses were to occur they could be applied for and debated individually. I wish to propose a person for the role, David Ormerod. I have attended several meetings and training events with him and he has spent many hours researching maps and records to provide the necessary evidence for NCC to process DMOs. It places David in a unique position to be able to advise our planning committee on any footpath in swaffham.  
Les
