Salesperson	Job
Marc Edwards	Pigeon Issue at above address.

We thank you for your valued enquiry and have pleasure in submitting our report and subsequent recommendations for the Pigeon Control at the above site

Observations

1. On inspection found heavy build up of pigeon droppings on the roof above netting in courtyard.
We removed droppings from blocked drainpipe.

Recommendations

1. We recommend carrying out spiking systems to gully to prevent roosting and fouling.

Observations

2. Small brick lip on lower apex of building above netting has a build-up of droppings and is a roosting ledge for feral pigeons.

Recommendations

2. We recommend installation of spikes to stop problem birds along brick lip.

Continued ...

With the added build-up of roosting pigeons, we recommend a night shoot in courtyard after spiking is carried out to clear percentage of problem pigeons.

Total cost of works ...

1. To supply two trained operators with full access equipment and safety harness.
2. To carry out cleaning works to gully.
3. To supply and install spikes to gully and above netting.
4. To supply drainage cap to drainage pipe work.
5. To supply and install spikes to brick work lip above netting.

Total Cost of works and materials £300.00

Total Cost of shoot £120.00

Kind Regards

Marc Edwards.

We look forward to doing business with you soon!!
