Subject: church grounds.

Good morning Richard,

I have been asked by the PCC of our Parish Church to ask the Council to consider making an improvement to the lighting of the churchyard at the entrance end of the church as it is a very dark place, particularly for pedestrians who use the pathway as a walk-through. It of course, as usual, is a harbour for youngsters and we have had a window or two broken amongst a bit of burglary. When we use it for concerts etc which we hope will be in the not too distant future, it is a tremendous hazard in that confined space. We think and hope it will only need one more light of the sort already installed but certainly not more than two.

With the Budget coming up, can we please have this as a subject for discussion for councillors' consideration.

Many thanks,

Shirley
