Morning Richard

Please see thread of emails regarding grass verge at Coronation Grove. I have visited the site and attached photos, see attached. The gentleman in question also came out to speak with me. What he is actually asking for is all the grass area to be turned into pavements, basically to allow more parking spaces. Each bungalow already has a path up to its property and door.

Good Afternoon,

Further to our recent telephone conversation regarding the above, please see below email from Norfolk County Council and my enquiry regarding the grassed areas outside the above address.

I would be very grateful if you could look into the matter for me.

Thank you.

See map below, property in question has the house icon on it.

WARNING: External email, think before you click!.

Good Morning,

Please could you assist with a query, my father in law lives in one of the properties and the grass outside the property when wet can become very slippery and to get to the house they have to cross this, they are both in their 70's.

Is there any possibility this can be concreted as there is no pathway direct to house.

Hope you can help.
