Subject: RE: Street Lighting Requirements - Swans Nest, Brandon Road, Swaffham (PHASE 3) - Abel - 3/17/1351
Attachments: AC-N-472 Proposed Lighting Layout Rev B.PDF

Dear Richard

The street lights are the same specification as Phase 2 on Swans Nest – this is the current NCC specification. There is an image on the bottom of the attached layout which shows the lantern type and I believe this is the style you are referring too.

Many thanks for your help on this.

Kind regards

Paul

Dear Paul,

I am pleased to confirm that the Town Council have formally adopted the scheme as presented for Phase 3 of the Swans Nest development. There was just one query in respect of clarifying that the new lights are down lighters? If you could come back to me on this point I would be grateful – thank you.

Best regards,

Richard Bishop
