Good Afternoon Richard,

I hope you're keeping well.

We've been approached to determine the street lighting requirements for another development in Swaffham off Norwich Road (S38 drawings attached).

We have reviewed the highway safety requirement for lighting and I can confirm that Norfolk County Council does not require any street lighting on this particular development.

I'm now writing to the Town Council to review the attached drawings and confirm whether or not they require any lighting by completing and returning the attached C2 letter.

As usual, if you have any questions, please feel free to get in touch.

Many Thanks,

Cameron Main, Senior Technician (Street Lighting)
