Thank you very much for your response and for putting forward my request. Will I hear of any outcome? Would really appreciate being part of the process if possible.

Kindest regards

Thank you for your email. Swaffham Town Councillors have considered this issue before and it was decided at that time not to erect signs. However that was some time ago, your letter and request will be brought to the attention of Councillors.

Subject: Request

Hello,

I hope you can help me. Im wondering if it's possible to put in a request to the town council regarding sign posts being placed around Swaffham. The sign posts would be warning road users of ducks. A triangle sign, picture of ducks and 'Slow Down'. I will attach a picture of the sign I personally seen which I thought was very appropriate.

I am aware of the 2 placed sign posts in Swaffham. One barely visible as too high and in hedge and the second is visible but doesn't stand out.

There are far too many ducks being hit in Swaffham and it's heart breaking to see. Especially when I feel and I know a lot of others who'd agree that the ducks are part of Swaffham now and should be shown and treated with respect. I think there could be quite a few positives for this and no negatives so more of a reason for this to happen and show our respect to our wildlife and get people to slow down!

Really hope this can be considered.

Kindest regards
