Dear Richard

As discussed previously, I was asked by Breckland(Cassie Ruffell) to see if STC would endorse the proposed external temporary structure at the front of the Market Cross cafe for Kay.

Highways have agreed to this being situated on the land on front of the Market Cross and Simon Wood, BDC Planning who I met with Cassie, has said this structure does not need full planning. Les from Narford Scaffolding is applying for the Scaffold licence.

Have attached all the documents regarding this structure...

Proposal from Cllr Judy Anscombe:

That Swaffham Town Council endorses the proposed temporary external structure on Southern Elevation for Market Cross Café at 15 Market Place, Swaffham PE37 7AB.

Many thanks

Kind regards

Judy
