Subject: Grass Cutting Maps

Good afternoon,

Please accept my apologies, I tried to send this out on Friday last week after we met, but I have only just seen this in my in box that it had bounced back. I have attached a slightly smaller file on this email with all the areas for cutting the grass. The areas to be cut are marked on the map in green.

The total area of grass cutting in Swaffham is 32,453.22m², the rate we pay our current contractors is £8.51 per 100m². That means that for 4 x cuts over the season we would be able to allocate £11,047.08 to Swaffham TC should they wish to take on the delegated grass cutting.

I have also attached a generic agreement form to give you an idea of the agreement which would be drawn up.

I hope this helps you discuss the issue of taking on the grass for next year.

Regards

Jack Griffiths
