Subject: APG Intruder Alarm Swaffham Town Council

Good afternoon Richard

Further to our conversation earlier today I have a clear answer regarding the monitoring of the system, I have spoken to one of Yeomans admin operatives and he has confirmed that they "will not pull the plug" so in that respect you can relax. I have also gained the current engineer code for the system so if Graham gets a problem with the system he can call me and I will sort it out for STC

Going forward you will need to find another maintainer who can service and monitor the system, I am obviously happy to offer our services and would offer the following costs for consideration;

Annual maintenance including 2 service visits per annum and 24hr engineering support £160.00 plus VAT per annum

Annual Redcare Monitoring retaining the existing monitoring station £380.00 plus VAT per annum

I trust that the above will meet with your approval and if you have any questions or queries, please do not hesitate to contact me

Kindest regards

Gerry Taylor

Managing Director

Alarming UK Ltd
