

**OAKLANDS POCKET PARK**

Application to 'Pocket Parks Plus' to revamp the play area at Oaklands.

Very short deadline (25 Jan) and keen that money is spent quickly.

The project would:

- Refurbish play area  
Working with Kompan who have a 'match funding' scheme at the moment.
- Plant 80m of hedgerow along new wooden fence line.  
Rotary Club will plant the hedge as part of their anniversary project Probably regardless of whether the grant is successful or not.
- New seating / picnic bench  
Create a more relaxed usable seating area for families adjacent to the play area.
- Launch in October 2019  
Hedge planting with local residents & open day.

**Draft Budget:**

Waiting for figures from Kompan but educated guess.
